EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the claims:

Claim 5, line 3, remove: ", preferably then from 1 to 13 weight percent, based on the total composition." And replace with "."

Claim 9, line 2, remove: ", preferably then 0.5 to 3 weight percent." And replace with "."

Claim 21, line 2, remove: ", preferably then from 0.1 to 5 mg, per dose unit." And replace with "."

quickly and are less likely to be swallowed. The particles of the invention adhere to the buccal surface and are not swallowed by the patient, due to the mucoadhesives.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
